Ziroccan Gold

Usability in colour

The Ericsson T68 is a colour screen, a natural feel and menu that you move easily through without lifting a finger. Using the four-directional thumb joystick, choose a symbol on the icon desktop and instantly view primary feature options. And when you're not using your T68 you can have a high-quality colour background picture filling the screen. T68 is a fast and powerful phone and a revolution in usability.

Messaging in style

E-mail, EMS (Enhanced Messaging Service) and text, the T68 is a versatile messaging mobile. Have new e-mail sent instantly to your mobile phone from any POP3 e-mail account on the Web. Read and reply, compose and save. When sending text messages, you can insert fun pictures and sounds. Writing is easy. T68 has predictive text input.

Surfing with confidence

The T68 has WAP for easy mobile Internet and GPRS for speed and the convenience of being always connected. The T68 lets you access thousands of useful and fun online services. And when using mobile banking and shopping services, confidential information is safe to send.

Connecting in comfort

The T68 connects without cables to other Bluetooth devices within range. Synchronize and share information with a PDA or laptop. Or enjoy the complete handsfree and cablefree comfort of a Bluetooth headset. The T68 can also connect via cable and infrared.

Organizing with ease

Versatile calendar and contacts features make the T68 an effective organizer. You can store names, addresses, e-mail, phone numbers and notes. Calendar and contacts data can be synchronized with a PC making sure all things are up to date.

Discover what T68 can do for you at www.ericsson.com/consumers

Ericsson Original Accessories are designed to meet the needs of modern mobile phone users by bringing them new power, convenience and freedom. Distinctive in form and matchless in function, they are the only accessories guaranteed for quality performance with your Ericsson mobile phone.

Desk Stand CDS-11

The Desk Stand puts your phone at the perfect viewing angle, giving it the impression of floating on air while holding it securely at its base. A full system connector lets you combine it with a charger, portable handsfree and most other accessories.

Bluetooth™ Handsfree HBH-20

The Bluetooth™ Handsfree is a new concept in handsfree use, combining the advantages of Bluetooth™ with the feel of a traditional handsfree. Worn on a cord around your neck or clipped onto a shirt or blouse, it blends in with your clothing while letting you enjoy the freedom of wireless communication with your phone.

Mobile camera CommuniCam™ MCA-10

A snap-on mobile camera for your T68, CommuniCam™ adds a new dimension to messaging. Using the T68's colour display as a viewfinder, CommuniCam™ lets you take digital snapshots and send them over the air as e-mail attachments. The camera features variable resolution and excellent picture quality.

Batteries

Standard Battery BST-14

Talk time*: 3–13 hrs
Standby time*: 165–290 hrs
(up to 12 days)
Phone weight including standard battery: 84 g

* Talk and standby times are affected by network preferences, type of SIM card, connected accessories and various activities such as Bluetooth sessions and games.

Chargers

Travel Charger CTR-10

The Travel Charger comes with two interchangeable mains power plugs, making it possible for you to use the charger in a wide range of countries right from the start.

Cigarette Lighter Adapter CLA-11

The Cigarette Lighter Adapter has an audio connector that lets you use a Portable Handsfree while charging.

Micro Travel Charger CMT-10

The Micro Travel Charger reduces hassle by letting you charge without a cord. It contains only the bare essentials: a charging unit that plugs directly into the mains outlet and a protective cover. Sized and shaped to fit neatly into your pocket, it comes with an EU plug that can be combined with an adapter to fit other outlet types.

Handsfree Solutions

Portable Handsfree with answering button HPB-10

A reliable portable handsfree with excellent sound, the HPB-10 supports voice activated dialling and answering.

Bluetooth™ Headset HBH-15

The Bluetooth™ Headset is the ultimate handsfree, letting you make and answer calls without even touching your phone. The wireless Bluetooth™ radio link gives you total freedom of movement in a range of up to ten metres, while the headset's powerful battery provides you with up to 5 hours of talk time and a standby time of up to 110 hours.

FM Radio Handsfree HPR-11

The FM Radio Handsfree HPR-11 connects you to the world of live FM radio. In addition to voice dialling support, it lets you enjoy music, sports coverage and all the latest news.

MP3 Handsfree HPM-10

The MP3 Handsfree HPM-10 combines the freedom of a portable handsfree with the power of digital audio, letting you store and play approximately 30 minutes of digitally encoded music.

Car Holder HCH-28

A safe, secure cradle for your phone, the HCH-28 can be used with the Portable Handsfree HPB-10 and Cigarette Lighter Adapter CLA-11 for a complete vehicle handsfree solution.

Imageware

Phone Holster ICT-13

The Phone Holster is made of a light, durable material and comes in a range of colours. It is beautifully finished and attaches easily to a belt.
