Kyocera 2300 Series

Behold Kyocera's 2300 Series.
Great-looking, lightweight, fully loaded phones.

What lies beneath that brilliant blue backlit display? Well, for starters, a speakerphone and voice-activated dialing. A scheduler to help you keep track of meetings and personal engagements. Tetris® and other games (for when you have no meetings or personal engagements). Productivity tools like voice memos, calculator, contact directory, stopwatch and alarm clock. A Wireless Application Protocol (WAP) browser that lets you view certain Web sites specially formatted to your phone. And CDMA2000 1X technology for high speed data transmission when using your phone as a modem.

Imagine. All that and looks, too.

Additional features
