Services and features may vary depending on network service provider, service plan, network conditions, and personal usage. The use of non-LG approved accessories will void the warranty and may result in damage to the phone, the phone to explode, or other dangerous conditions. Battery talk and standby times are estimates only. Use of certain features and other conditions including, but not limited to, battery age and condition, charging habits, temperatures to which the battery is exposed, and use in digital mode will cause actual standby and talk time to vary. The amount of talk time used will impact the standby time. In the same way, the amount of time that the phone is in standby mode will impact the talk time.
