SANYO

SCP-3200

Bluetooth® Wireless Technology

Compatible with Bluetooth wireless handsets, hands-free car kits, and other Bluetooth compatible devices.

Camera

Pictures can be assigned as Picture ID, used as screen savers or can be shared with others using Sprint Picture Mail™. Camera features include a mirror for self portraits, a self timer, fun frames and color tones/picture effects.

High-Quality SANYO Speakerphone

The high-quality SANYO speakerphone enables hands-free conversations. Dedicated internal speakerphone button provides quick and easy operation.

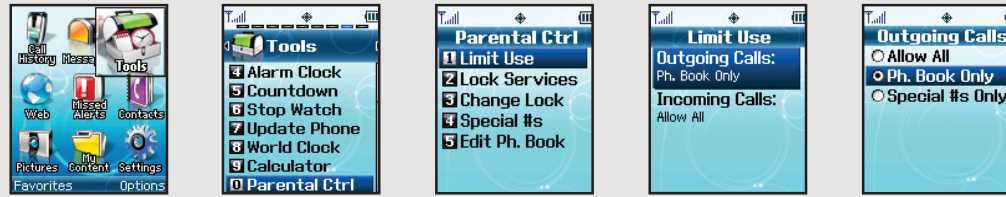

Walkie-Talkie Style Communication

With Sprint Ready Link®, the SCP-3200 provides quick, two-way walkie-talkie style communication anywhere on the Sprint National Network.

Parental Control

The SCP-3200 allows parents to set some limits on their child's phone use. With easy access under the Tools menu, parents can:

- Restrict Incoming and/or Outgoing Calls to Contacts only
- Lock or Unlock Ready Link and/or Sprint Vision (Web and downloads)
- Input up to 3 "Special Numbers" that are always available to call or receive calls from
- Lock Contacts list

Wireless Backup

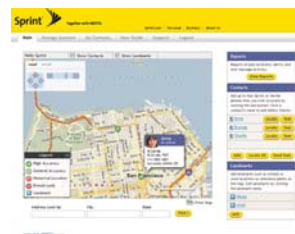

An optional service from Sprint that automatically stores a backup of your contacts. Each time you edit your contacts, changes are wirelessly saved to a secure Sprint server. If your phone is lost, stolen or replaced you can quickly and easily restore all of your contacts.

Midnight Black

Atlantic Blue

Playful Pink

Sprint Family Locator

The SCP-3200 is compatible with Sprint Family Locator, an optional service that allows you to locate your loved ones from your phone or the web. Convenient features like Safety Checks™ enable parents to receive automatic location notification (via email or text message) at pre-scheduled times.

Phone as Modem

Using an optional USB Cable, Sprint Vision Connection Manager software, and the appropriate Sprint service plan, the SCP-3200 can be used as a modem for your laptop PC.

Sprint Navigation

Get audio and visual turn-by-turn directions with full-color moving maps using Sprint Navigation, an optional GPS application available on the SCP-3200. Powerful features include voice entry of destinations, traffic alerts in major cities, a low gas price finder and more.
