

Powered by Android™

For work or play, the Android operating system offers a world of opportunity. Choose from tens of thousands of applications available at Android Market - many for free - to make Zio a limitless resource and as unique as a fingerprint.

Sprint Zone

Get your favorite Sprint apps – Sprint Navigation, Sprint TV, Sprint Football Live and NASCAR Sprint Cup Mobile. Plus manage your account, get app recommendations, phone tips and more.

Entertainment

Zio provides hours of amusement from listening to side-loaded music or streaming radio from apps like Pandora.* Discover new music with Shazam.* Or try to beat your high score playing a game like Jewels.*

*Downloadable from Android Market

3.5" WVGA Capacitive Touchscreen Display

Zio's huge touchscreen display is perfect for viewing everything from full HTML web sites to streaming videos. Plus an ambient light sensor automatically adjusts the brightness of the screen. And the display's incredible resolution makes it like carrying a high-def flatscreen TV in your pocket.

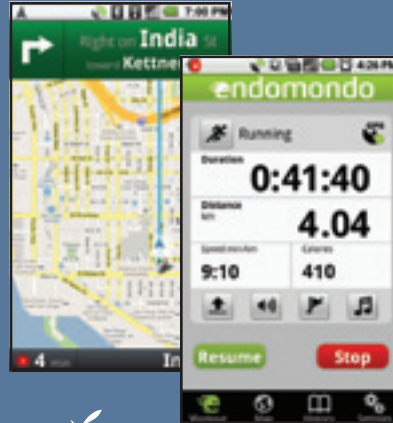

Social Networking Access

Zio's perfect for staying in the know. Download apps for Facebook, Twitter, MySpace and more. Place widgets right on the home screen to get instant updates—plus integrate your address book with Gmail™, Exchange, Facebook and other social apps.

Digital Compass & GPS Navigation

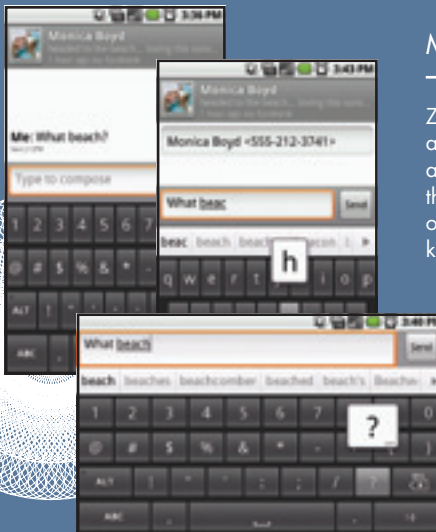

Zio's GPS functionality and digital compass work hand-in-hand with the pre-loaded Google Maps application. Also download 3rd party fitness apps to take your workouts to the next level – map your route, track your progress, and upload workouts to the web.

Multiple Virtual QWERTYs

Zio features multiple keyboard options—a full virtual QWERTY keyboard with an accelerometer which automatically rotates the screen between horizontal and portrait orientation, plus a numbers and symbols keyboard—all with haptic feedback.

The QWERTY keyboard supports both English and Spanish languages with the optional ability to download additional languages from Android Market.

Camera plus Camcorder

One push of Zio's dedicated camera button instantly activates the phone's high-quality camera with auto-focus. Capture and share lasting memories in sharp 3.2 megapixel photos or 30 FPS videos. Switch quickly from camera mode to camcorder and easily back again.

Intelligence is a beautiful thing.

It used to be that a mobile phone was more a tool than a treasure. Limited functionally and uninspired design superseded sensory interaction. SANYO Zio strives to change expectations by balancing style and substance with power and beauty. An intelligently sleek Android™ device featuring Sprint ID customizable UI, a large WVGA touchscreen, and ultra-fast processing speeds. Zio makes it simple to connect with every aspect of your life.

KYOCERA

Sprint ID

Whether you're a fitness enthusiast or a productivity buff, Sprint ID makes it effortless to personalize your mobile device with a cohesive suite of ringtones, wallpapers, apps and widgets designed to fuel your aspirations. With Sprint ID, there's no need to spend hours sifting through an app store to find all the options you're looking for. Just choose the theme or themes that interest you — from fitness to productivity — and with one click, all the parts and pieces of your total mobile experience download to your device automatically. And since the catalog of experiences will continue to evolve over time, the latest apps and options designed to fit your lifestyle are always in the palm of your hand.

Zio lets you download up to five ID packs and switch between them easily. If desired, you can uninstall a pack or remove parts of a pack that you don't want. You can also download the latest packs using the Get New button.

Sprint ID enables you to easily choose from a wide range of pre-defined experiences that you can further customize or use My ID to define your own experience from scratch.

Smart Design

Intelligent, sleek, stealthy design with soft-touch back for non-slip grip.
